At some point, even when I smile  
Bitterness overwhelms  
My voice is unheard  
Can't reach nobody else

Everybody's watching but nobody's paying attention  
They don't see nothing and get coldhearted  
I watch their back shivering, I cry out  
Smiling bitterly like the wind

You think that I'm heartless  
You think I'll be fine  
Stumbling in the dark, I'm only human  
Soaked in stabbing raindrops

You think I'm unbreakable  
So how can I cry  
I'm hurt in the middle of the night, I'm only human  
I cry out, I'm only human too

When I lie down on a pillow of thorns  
Terrible loneliness suffocates me  
I'd even wish I could  
Close my eyes and never wake up

Everybody's watching but nobody's paying attention  
They don't see nothing, please hug me

You think that I'm heartless  
You think I'll be fine  
Stumbling in the dark, I'm only human  
Soaked in stabbing raindrops  
You think I'm unbreakable  
So how can I cry  
I'm hurt in the middle of the night, I'm only human  
I cry out, I'm only human too

Stumbling, that I'm only human  
I cry out, I'm only human too

You think that I'm heartless  
You think I'll be fine  
Stumbling in the dark, I'm only human  
Soaked in stabbing raindrops  
You think I'm unbreakable  
So how can I cry  
I'm hurt in the middle of the night, I'm only human  
I cry out, I'm only human too

You think I'm unbreakable  
So how can I cry  
I'm hurt in the middle of the night, I'm only human  
I cry out, I'm only human too
