

Blind Fool

Max Frost

I'm a blind fool!
Wandering downtown looking for your car
Gotta find you!
Still smell you close, no you can't be far
And I try too!
Been a couple weeks waiting for you car
I'm a blind fool!
Bottom of a bottle never felt so hard

One more time, the blame's on me
(And I know)
Two times, the shame's on me
(And I know)
Three times, I'm on my knees
Begging you for mercy
Begging you for mercy, please

Yeah, yeah, yeah, oh...
My heart's holding on for life
This time I'm putting on the night
Have I lost my mind?
Bless my soul, and I'm at your door again
My heart's holding on for life

Help me, baby!
I got some issues that I should address
Get off my chest
So call me crazy!
But lately I've been cleaning up my mess
I confess...
I'm a blind fool!
Wandering downtown looking for your car
Gotta find you!
Still smell you close, no you can't be far

One more time, the blame's on me
(And I know)
Two times, the shame's on me
(And I know)
Three times, I'm on my knees
Begging you for mercy
Begging you for mercy, please

Oh, c'mon!
My heart's holding on for life
This time I'm putting on the night
Have I lost my mind?
Bless my soul, and I'm at your door again
My heart's holding on for life
My heart's holding on for life
My heart's holding on...

I'm a blind fool!
Gotta find you!

My heart's holding on for life
This time I'm putting on the night

Have I lost my mind?
Bless my soul, and I'm at your door again
My heart's holding on for life
