

Die Young

Max Frost

So you wanna die young
Another legendary face
Another honorary star
The world will celebrate for days

So you wanna die young
Each little girl will know your name
Like it was written on their hearts
And it could never be erased

Every night you're terrified
Of what you won't become.

Oooohhh
So you wanna die young
Ooohhhhhh
So you wanna die young

Turn the night into the day
Drink it in before it's gone
Like it's tryna get away

So you run and you run
From a thing you can't escape
You can hear it catching up
And it's whispering your name

Every night you're terrified
Of what you won't become
Ooohhhh
So you wanna die young
Ooooooohhh
So you wanna die young

From the sound
From the sound
So you run and you run
From the sound
From the sound
So you run and you run
From the sound
From the sound
So you run and you run
From the sound
From the sound
From the sound

Every night you're terrified
Of what you won't become
Ooooooohhhh
So you wanna die young
Ooohhhhhhhh
So you wanna die young.
