Halos of diamonds dancing over your head  
My eyes are silver lining lace in your bed  
Chasing golden days  
Here they come  
Here they come

You keep my satisfaction for yourself  
I give you something real with no one else  
You take the money  
And I take you as you are

Tell me what you want  
Don't you know that you got everything you need?  
Oh, no  
I wanna take it all  
I could satisfy your dollar sign dreams  
Dollar sign dreams

Walking a lot to an isle in the sand  
Driving the fantasy as deep as you can  
Waiter on your waist  
Here they come  
Here they come

I'm just your dusty bottle up on the shelf  
Wish I could realize your visions of wealth  
You take the money  
And I take you as you are

Tell me what you want  
Don't you know that you got everything you need?  
Oh, no  
I wanna take it all  
I could satisfy your dollar sign dreams  
Dollar sign dreams

Franklin ain't no friend of mine  
Tired of chasing your dollar signs  
See your mink hit the marble floor

Keeps me coming back for more

Tell me what you want  
Don't you know that you got everything you need?  
Oh  
I wanna take it all  
I could satisfy your dollar sign dreams  
Dollar sign dreams  
Tell me what you want  
Don't you know that you got everything you need?  
Everything you need  
I wanna take it all  
I could satisfy your dollar sign dreams
