

Stranger to Me Now

Max Frost

We're staring at each other
We don't know what to say
We're drowning in the silence
Down underneath the waves
I wish I could remember
How we were yesterday
But now I can't pretend that
We'll ever be the same

Something's changed, I'm not quite sure
Talking less but hiding more
And I don't know what you're thinking
Tryna figure out
When we started drifting
Don't know how
You're a stranger to me now
You're a stranger to me now

Don't know if we can fix this
Don't wanna walk away
This love could be our lift off
Or it could be our chain
You're standing at a distance
But right in front of me
I swear you look so different
Or have I gone insane?

Something's changed, I'm not quite sure
Talking less but hiding more
And I don't know what you're thinking
Tryna figure out
When we started drifting
Don't know how
You're a stranger to me now
You're a stranger to me now

Don't you know I'd do anything for ya?
[?] you should rest upon my shoulder
Tell me why our world is getting colder
Maybe there's a chance to fix it right now, right now

No, I don't know what you're thinking
Tryna figure out
When we started drifting
Don't know how
You're a stranger to me now
You're a stranger to me now
