

# Girlfriend

Max & Harvey

I may be biased but you got it all, got it all  
Don't even know it but you're beautiful, beautiful  
Fly you to Paris only to show off, to show off  
I'll give you everything that I've got, that I've got

Look what you're doing to me  
You got me caught in your heat  
And girl you're making me weak  
Never been jealous but with you I'm a freak

Don't you look at my girlfriend  
Cover your eyes when  
She is on the floor  
And don't you look at my girlfriend  
When she is dancing  
Cause she's the only one I got  
(She's the only one that I got)  
(She's the only one that I got)

You like attention, yeah, it's obvious, obvious  
Got every guy around your fingertip, fingertip  
Not even drinking but you own the place, own the place  
Make every tiger wanna, ooh (have a taste, have a taste)

And when you're dropping it low  
And then you shake it for show  
It's getting hot when you tease  
Never been jealous but with you I'm a freak

Don't you look at my girlfriend  
Cover your eyes when  
She is on the floor  
And don't you look at my girlfriend  
When she is dancing  
Cause she's the only one I got  
(She's the only one that I got)  
(She's the only one that I got)  
And don't you look at my girlfriend  
When she is dancing  
Cause she's the only one I got

She's a little on the mad side, yeah yeah  
She got her crazy from her dad's side, yeah yeah  
She's every opposite of tongue-tied, yeah, I know  
But all the beauty on the inside don't show (yeah!)

Don't you look at my girlfriend  
Cover your eyes when  
She is on the floor  
And don't you look at my girlfriend  
When she is dancing  
Cause she's the only one I got  
Don't you look at my girlfriend  
Cover your eyes when  
She is on the floor  
And don't you look at my girlfriend  
When she is dancing

Cause she's the only one I got  
Cause she's the only one I got  
She's the only one, she's the only one I got
