

Stuck On The Ceiling

Max & Harvey

You got me going out my mind
Tonight we're more than just a maybe
I'll like you better when you're mine
Forget your shhhh, we're going crazy

In the night
Going out, hand in hand, by your side
We can chase those stars
We're never looking back
Yeah we're never looking back
We can fly
You and me, living life, staying wild
Never growing old
We're never looking back
Yeah we're never looking back

Oooooo
We've been jumping so high, getting stuck on the ceiling
Oooooo
We ain't comin' down yet cause we're high on this feeling
I'm not just anybody
I know I'm what cha like
Oooooo
We've been jumping so high, getting stuck on the ceiling

There's more to you than meets the eye
Out with your friends you're looking fancy
We could be famous you and I
We're gonna show them what they're missing

In the night
Going out, hand in hand, by your side
We can chase those stars
We're never looking back
Yeah we're never looking back

Oooooo
We've been jumping so high, getting stuck on the ceiling
Oooooo
We ain't comin' down yet cause we're high on this feeling
I'm not just anybody
I know I'm what cha like
Oooooo
We've been jumping so high, getting stuck on the ceiling

Oooooo
We've been jumping so high, getting stuck on the ceiling
Oooooo
We ain't comin' down yet cause we're high on this feeling
I'm not just anybody
I know I'm what cha like
Oooooo
We've been jumping so high, getting stuck on the ceiling
Getting stuck on the ceiling
I'm getting stuck on the ceiling
Getting stuck on the ceiling
