

Gone

Max Jury

You, take my breath away
You, always in my veins
You, take my breath away
You, always in my veins

Hit and run with it
Are you done with it?
Are you beyond me?
When will you just come around?
I'm begging you to come around
Now that you're gone
Baby now that you're gone

I was in the back room compensating
Making up my own truth, suffocating
I can't let go of the visual
The visual I can't let go of
Now that you're gone
Now that you're gone

You, take my breath away
You, always in my veins

Holding on to it
Kneeling down for it
Are you beyond me?
When will you just pull me out?
Maybe I deserve to drown
Now that you're gone
Now that you're gone

I was in the back room compensating
Making up my own truth, suffocating
I can't let go of the visual
The visual I can't let go of
Now that you're gone
Now that you're gone

Back when I left you, I didn't care
About it all or anybody else
Everything I had, oh honey
We had it all, my mind was somewhere else

I was in the back room compensating
Making up my own truth, suffocating
I can't let go of the visual
The visual I can't let go of
Now that you're gone
Now that you're gone

You, take my breath away
You, always in my veins
You, take my breath away
You, always in my veins
