I seen you grow up
Seen you fall in and out of love
I seen you get high, come down
Getting high is not enough
I wanna be there for you
But I don't know how
My heart is in my throat
But I can't be around

I just wanna say, wanna say
Really what I mean
But you and I both know
It's not that easy
You could have it all, have it all
If you wanted to
But you stuck yourself in a world
That doesn't care for you

I've heard a lot of things
About you that I can't believe
You tell me all about the sides of you
That I haven't seen
I wanna be there for you
But you let me down
I start to speak but then I choke
Whenever you come around

I just wanna say, wanna say
Baby, what I mean
But you and I both know
It's not that easy
You could have it all, have it all
If you wanted to
But you stuck yourself in a world
That doesn't care for you

Na na na na na na na na na
Na na na na na na na na na
Na na na na na na na na na
Na na na na na na na na na

I just wanna say, wanna say
Baby, what I mean
But you and I both know
It's not that easy
You could have it all, have it all
If you wanted to
But you stuck yourself in a world
That doesn't care for you

You stuck yourself in a world
That doesn't care about you
