

## Dead Set

Max McNown

Chase down the river as wild as it runs  
Howl at the moon and wake up with the sun  
Don't waste a minute they're here then they're gone  
If it rains it pours so go pour one strong  
When it comes to this life, we only get one

So I'm Dead set on living  
Living while I'm still alive  
Dead set on living  
Living til the day I die

Don't let her go when you know she's the one  
Take your regrets and leave yourself none  
Make the most of this journey we've got round the sun  
When it comes to life, we only get one

So I'm Dead set on living  
Living while I'm still alive  
Dead set on living  
Living til the day I die

So I'm Dead set on living  
Living while I'm still alive  
Dead set on living  
Living til the day I die

Dead set on living  
Living while I'm still alive  
Dead set on living  
Living til the day I
