

I Will Belong

Max McNown

Sure as the sun keeps settin' on horizons
Sure as the tide keeps dancin' with the shore
Sure as the wind keeps cuttin' through the tall grass
Darling, your love's worth waitin' for

It won't be long 'til we're pickin' out a church house
You'll be findin' something borrowed, something blue
And your daddy puts your hand in mine and we both say "I do"
Won't be long 'til I will belong to you

Sure as the stars look sparklin' on the water
And April showers bring flowers early May
Sure seems like God brought our wanderin' hearts together
So darling, believe me when I say

It won't be long 'til we're pickin' out a church house
You'll be findin' something borrowed, something blue
And your daddy puts your hand in mine and we both say "I do"
Won't be long 'til I will belong to you

I know until that day comes we'll be longin'
For the night I don't have to sleep alone
And we can lay right here until morning
'Cause in my heart's right where you belong

It won't be long 'til we're pickin' out a church house
You'll be findin' something borrowed, something blue
And your daddy puts your hand in mine and we both say "I do"
Won't be long 'til I will belong to you
Won't be long 'til I will belong to you
