

# Love I Got Left

Max McNown

I've been burned I've been beat up I've been broken  
And I've done some breaking of my own  
I've run into arms wide open  
And I've run away from home

And then I crashed  
I lost my mind  
And from the ashes you arrived  
Pieces of me  
I can't get back  
Oh but darlin you can have

All the love that I got left  
Down to my last dying breath  
Take this beating heart right out my chest  
And all the love that I got left

Clocks ain't made for rewinding  
If they could I woulda tried  
Just to give you one more second  
Of that long gone wasted time

All the love that I got left  
Down to my last dying breath  
Take this beating heart right out my chest  
And all the love that I got left

All of my love  
All of my fight  
All of my days  
All of my nights  
All of my reasons  
My reasons why  
I give you all I got all my life

All the love that I got left  
Down to my last dying breath  
Take this beating heart right out my chest  
And all the love that I got left
