

LOVE INSANE

MAX

Oh, my god, I think I'm going love insane
I swear you make my heart change shapes every time I see you, babe

They gon' put me in a psych ward, in a straitjacket
Got me flippin', got me trippin' 'cause I gone manic
Doctor, doctor, think I'm so addicted
Every time I see those eyes, I get tunnel vision

They can call me crazy, no one can save me
I might be out of my head
I need a diagnosis, something to call this
Over and over again

Oh, my god, I think I'm going love insane
I swear you make my heart change shapes every time I see you, babe
365, 24/7, wishing you were mine like 11:11
Oh, everyday, I think I'm going love insane

La-la-la-la-la, la-la
La-la-la-la-la, la-la-la
La-la-la-la-la, la-la
I think I'm going love insane

I can be the joker, you can be the muse
You can be the fireworks, I could be the fuse
You give me that dopamine, just how it's supposed to be
Nothing else compares to the feeling when you're next to me (Yes, please)

They can call me crazy, no one can save me
I might be out of my head
I need a diagnosis, something to call this
Over and over again

Oh, my god, I think I'm going love insane
I swear you make my heart change shapes every time I see you, babe
365, 24/7, wishing you were mine like 11:11
Oh, everyday, I think I'm going love insane

La-la-la-la-la, la-la
La-la-la-la-la, la-la-la
La-la-la-la-la, la-la
I think I'm going love insane
La-la-la-la-la, la-la
La-la-la-la-la, la-la-la
La-la-la-la-la, la-la
I think I'm going love insane
