

Monkey See Monkey Do

MAX

Hey c'mon baby

Monkey see monkey do wanna party with you
So c'mon baby follow my lead
I gotta spring here my step
Then slide to the left
Now shimmy, shimmy over to me

Let's find the rolling tree
Climb, baby climb where nobody can see
Let your hands down
Swing your body like closer to me (me, me)

Or we can do it in the woods
Let's do it for the run
If you say the word, I'll break you from the herb
Do it where there's no one
Come around so baby wakes
Started with a hu see where it goes
Then I'll follow you (you, you)
Monkey see monkey do

Do make me say that you wanted to stay
Yeah I know it's kinda hard to believe
Yesterday you were cross
Now you think I'm a boss
Cause I got a couple of chips on the sleeve

Let's find the rolling tree
Climb, baby climb where nobody can see
Let your hands down
Swing your body like closer to me (me, me)

Or we can do it in the woods
Let's do it for the run
If you say the word, I'll break you from the herb
Do it where there's no one
Come around so baby wakes
Started with a hu see where it goes
Then I'll follow you (you, you)
Monkey see monkey do

If I say hu hu hu hu hu hu hu hu
Then you say hu hu hu hu hu hu hu hu
And now I'm imitating you hu hu hu hu
(I'm imitating you) hu hu hu hu
I get there hu hu hu hu
(Woah oh) hu hu hu hu

Or we can do it in the woods
Let's do it for the run
If you say the word, I'll break you from the herb
Do it where there's no one
Come around so baby wakes
Started with a hu see where it goes
Then I'll follow you (you, you)
Monkey see monkey do
