

One Two Things

MAX

I got one two things on my mind
Never thought twice
When I met you knew you was alright
Three seconds in the back of my S class
And it went fast
But I knew it'd last more than one night
Tell me what you need
Imma get it mad quick
Imma get on one knee
Get that real good
You can take me home to your mama
Be nice Dalai Lama
Sneak sneak outside for some good marijuana ayy

Heartbreaker coming through
If you don't take a chance it's a lose lose
Got the pudding in the proof
So tell me tell me baby what you choose, choose

Be the apple of my eye
Don't leave saying bye, bye, bye
Be the apple of my eye, eye, eye well

I got one two things on my mind
First thing is you
Second thing is us
What we gonna do
When I see you tonight yeah
When I see you tonight
I got one two things on my mind
First thing is you
Second thing is us
What we gonna do
When I see you tonight yeah

Ooo-o-o, ooo-o-o, ooo-o-o, yeah yeah yeah let's do it

I got 1, 2 things we can do
3some if we introduce
5th of grand cru
If you really wanna two step hmm
Your girl keep acting like a nuisance
Keep your two cents and invest in some new sense
Ouuuuuu
Ray Charles to the rules
Sweet melody let her sing to the tune
Got her for life
Got her tonight
Badabing badaboom
Buy a ring
Buy a room
Ayye
Heart breaker coming thru! Ouu
You don't take a chance that's a lose lose
I ain't stuck to nothing like you but the G Code
Imma get in touch wanna rendezvous

No need to rush in it
Proceed with caution it
Lust is easy and trust is hard
But it's cool because they got us in it

1, 2 things on my mind
Apple bottom be the Ah ah ah
Apple bottom be the apple of my eye eye eye
I repeat it again I got it why why why

I got one two things on my mind
First thing is you
Second thing is us
What we gonna do
When I see you tonight yeah
When I see you tonight
I got one two things on my mind
First thing is you
Second thing is us
What we gonna do
When I see you tonight yeah
Let's do it

Ooo, ooo, ooo, yeah yeah yeah let's do it

If God paint pictures you the Mona Lisa
Or the Sistine chapel ceiling
Got me missing in your gaze till my neck is sprained
I embrace the feeling
Though it's easier to be afraid
If God wrote poetry you were written with the best intentions
Dip the quill in
Ink still dripping from it
God saw us in a distance

I got one two things on my mind
First thing is you
Second thing is us
What we gonna do
When I see you tonight yeah
When I see you tonight
One two things on my mind
First thing is you
Second thing is us
What we gonna do
When I see you
