(Pinkberry, Pinkberry)

I freed up my night
If you're doing nothing
If you're thinking what I'm
Thinking let's get up then
(Let's get up then)

'Cause roses are red
Your cherry lips too
Out of everything sweet
I only want you
Pinkberry
I only want you
Pinkberry, Pinkberry

(Pinkberry, Pinkberry)

What's on the menu tonight?
I bet it's delicious
I wanna skip right to desert
Taste what I've been missing
(I've been missing, I've been missing)

'Cause roses are red
Your cherry lips too
Out of everything sweet
I only want you
Pinkberry
I only want you
Pinkberry, Pinkberry

I only want you
Pinkberry
I only want you
Pinkberry, Pinkberry
