

The Plug

MAX

I got the plug, no middle man
I got the plug, no middle man
I'm on the top floor, take my number then
I got the plug, no middle man
Shorty came in with a sun tan
I'm on the top floor, take my number then
I just hit the beach and I'm on the sand

Every time I speak they don't understand
When I go to sleep I get a hundred grand
She calling on me, cause she want to dance
I'm on a flight, I may never land
I just go crank the volume
Turn me on the dial
I got nothing else to tell you
Uh, uh, uh, uh, uh
Ay, My team, on the same scheme
Uh, I walk in looking fancy
Meet me on the top floor, Meet me on the top floor
I be up there, look for the blue door

I got the plug, no middle man
I got the plug, no middle man
I'm on the top floor, take my number then
I just hit the beach and I'm on the sand
I got the plug, no middle man
I got the plug, no middle man
I'm on the top floor, take my number then
I just hit the beach and I'm on the sand

I got the plug, no middle man
Call me Scarface, for my little friend
Call me Bill Gates, with my billions
Call all your girls, I'm a get them in
I got the pipes, no auto tune
Say your shit is live, but your mic is mute
My names Minute Maid, cause I got the juice
I'm OJ on stage when I murder rooms

About my green like Caesar
Came in this bitch with a visa
Ya'll jump in that two seater
She gonna shake it like a margarita
Baby cheatah, I don't believe ya
Too much bass in my speakers
And my other girl call, I gotta leave ya
Uh, hit me back on the beeper

I got the plug, no middle man
I got the plug, no middle man
I'm on the top floor, take my number then
I just hit the beach and I'm on the sand
I got the plug, no middle man
I got the plug, no middle man

Middle man
Middle man

I got the plug, no middle man
I got the plug, no middle man
I'm on the top floor, take my number then
I just hit the beach and I'm on the sand
I got the plug, no middle man
I got the plug, no middle man
I'm on the top floor, take my number then
I just hit the beach and I'm on the sand

I got the plug, no middle man
I got the plug, no middle man
I got the plug, no middle man
I got the plug, no middle man
I got the plug, no middle man
I got the plug, no middle man
I got the plug, no middle man
I got the plug, no middle man
