

Yeah

You're so pretty in the moonlight
I swear that it feels like, nothin' else exists right now
The reflection of your blue eyes, never could be too bright
I love the way it hits right now
And all I can say, all I can say, all I can say is, "whoa" (whoa-whoa-whoa-whoa, whoa)
Whoa, whoa, whoa (whoa-whoa, whoa-whoa)
Whoa, whoa, whoa (whoa-whoa-whoa)

Seen the world, a thousand times
Ocean views, Tahitians cities
Shootin' stars to Northern lights
Summer rain to cherry meadows

(Ooh)
Thought I'd seen everything (Ooh)
But I've been long before (Ooh)
Lose my breath 'cause I can't believe

How you're so pretty in the moonlight
I swear that it feels like, nothin' else exists right now
The reflection of your blue eyes, never could be too bright
I love the way it hits right now
And all I can say, all I can say, all I can say is, "whoa" (whoa-whoa-whoa-whoa, whoa)
Whoa, whoa, whoa (whoa-whoa, whoa-whoa)
And all I can say (whoa), all I can say (whoa), all I can say (whoa) is, "whoa"

Got me like, "whoa", got me like, "Sheesh"
Wanna hit "Pause" when you puttin' on a dress
Oh my Gosh like, how
Could you ever look better than you do right now?

Like, ooh
Thought I'd seen everything (Ooh)
But I've been long before (Ooh)
Lose my breath 'cause I can't believe

How you're so pretty in the moonlight
I swear that it feels like, nothin' else exists right now
The reflection of your blue eyes, never could be too bright
I love the way it hits right now
And all I can say, all I can say, all I can say is, "whoa" (whoa-whoa-whoa-whoa, whoa)
Whoa, whoa, whoa (whoa-whoa, whoa-whoa)
And all I can say (whoa), all I can say (whoa), all I can say (whoa) is, "whoa" (whoa-whoa-whoa)

Whoa-whoa-whoa, whoa-whoa-whoa, whoa-whoa-whoa
Whoa, whoa, whoa (whoa-whoa, whoa-whoa)
Whoa-whoa-whoa, whoa-whoa-whoa, whoa-whoa-whoa
And all I can say (whoa), all I can say (whoa), all I can say (whoa) is, "whoa"
