

I Know Love

Maxi Priest

Brand new morning, brand new time
Don't worry free style
Here's Tiger pon the microphone stand

I know love will come our way
If we try there's gotta be a better way
I know love will come our way
If we try there's gotta be a better way

To think of all the times we've been through
And for all the times we've shared
Can't imagine that you're leaving baby
Seems you really didn't care

I know love will come our way
If we try there's gotta be a better way
I know love will come our way
If we try there's gotta be a better way

Brand new morning and a brand new time
English people listen Tiger style
Maxi Priest and Tiger in a brand new style
Anywhere we go them say we are wild
Pon stage show and dancehall
Dis a Daddy Tiger bust whap whap

I know love will come our way
If we try there's gotta be a better way
I know love will come our way
If we try there's gotta be a better way

No wakie wakie wakie wakie
No wakie wakie me say rise and shine
Spirit from me spirit from you
Together yes we gonna be loving so
God knows I really love you
Stick together like Henkel glue

Cause I'm not the kind of man to beg you
No it's not my style
But in the name of love I ask you baby
Give my love a second try

Easy Maxi Priest cause you are one of a kind
