

Like I Do

Maxi Priest

Don't know how I got along before I met you
Ain't funny how easy to forget?
I've been missing someone like you in my life
When it feels so good you know it's got to be right
I count my blessings each and everyday
Girl just promise me that you'll never go away

Nobody's gonna love you like I do
Nobody's gonna give the love I give to you
Nobody's gonna love you half as much as I do
Cause I care

There's a part of me I've lost for so long
I don't wanna make mistakes and let the good times go wrong
You're an inspiration so beautiful to me
I'll stand by you baby for eternity
I count my blessings each and everyday
Girl just promise me you'll never go away

Nobody's gonna love you like I do
Nobody's gonna give the love I give to you
Nobody's gonna love you half as much as I do
Cause I care

I count my blessings each and everyday
I wanna thank you Lord for the love you sent my way
There's no substitute for the love you give
You'll always in my heart
You are the reason I live

Nobody's gonna love you like I do
Nobody's gonna give the love I give to you
Nobody's gonna love you half as much as I do
Cause I care

Nobody's gonna love you like I do Loves you like I do
Nobody's gonna love you like I do Loves you like I do
Nobody's gonna love you like I do I care
Cause I care

Nobody's could love you like I do Could love you like I do
Cause I care nobody could love you like I do
Cause I care
