

Raise your hands up  
Shake it, Shake it  
Side to side, yeeeeeeeeah

Move your body  
Let me see you  
Whine Whine Whine Whine  
Show me you got control  
Say you big bad bold  
Don't be afraid to get close to somebody  
Show them what you want  
Cause you run the lawn and nobody's dancing like you

Come gimme that energy  
Come gimme that energy  
Come gimme that  
Come gimme that energy  
Don't bring me down down down

Fuel me whith your fire  
Light me up  
I'm your entertainer that will fill your cup  
So contagious when I hear you  
I can't get enough

Come gimme that energy  
Girl come talk to me  
With your urban dictionary  
Drop it on me  
With your sexability (Right)

Show me you got control  
Yes you big bad and bold  
Don't be afraid to get close to somebody  
Show them what you want  
Cause you run the lawn and nobody's dancing like you

Love just how you  
Light me up  
Just gimme that agony  
Like the way you  
Mix it up  
Love how your body moves
