

Should I

Maxi Priest

Should I put my trust in you
Should I put my faith in you
Should I let you stick around
Should I let you float around

My desire was for us to live clean and strong
Then we could go on in life to live and grow

But woman you went away
Left me here to stay
Now you're coming back to me
On your bended knees

Should I put my trust in you
Should I put my faith in you
Should I let you stick around
Should I let you float around

Should I, should I, should I, should I
Let you Float around, stick around, stay around, oh yeah

It's not so long ago
That we were together
Sharing and caring for each other
The people used to say
Our love would never fade
Now will I be the fool
To let you stay here again

Should I let you stick around
Should I let you float around oh yeah

Should I, should I, should I, should I
Let you float around, stick around, stay around oh yeah
Should I, should I, should I, should I
Let you float around, stick around, stay around oh yeah

You wrote me a letter
You found some one better
You say you can't face me
And you're sorry you hurt me
My heart was torn in two
I didn't know what I should do

Should I let you stick around
Should I let you float around oh yeah

Should I, should I, should I, should I
Let you float around, stick around, stay around oh yeah

It's not so long ago
That we were together
Sharing and caring for each other
The people used to say
Our love would never ever fade

Should I let you stick around
