

You Came to Me When I Was Born

Maximilian Hecker

You came to me when I was bleeding
You came to me when I was torn
You came to me when I was strung out
You came to me when I was born
You came to me when I was searching
You came to me when I was mad
You came to me when I was lying
You came to me when I was sad
You came to me when I was worn-out
You came to me when I was passed
You came to me when I was longing
You came to me when I was lost
You came to me when I was crazy
You came to me when I was caught
You came to me when I was crying
You came to me when I was fought
