

Cheater

Maximillian

You say he's just a friend
But I smell the lies on your skin
Mistakes are made for sure
But I know you did it again
Too much of one thing
Can be exhausting
But in the end
Don't get a boyfriend
If you're holding
Other hands

Man I'm sick and tired
Don't be so surprised
I can see your eyes
Don't be preaching lies
Imma leave tonight
And I ain't coming back
Yeah I draw the line

'Cause I don't
Fuck with a cheater
Couldn't get any deeper
Your head's under the water
Thinking I can't see you
Promising it's all nothing
But I can tell that you're bluffing
I don't fuck with a cheater
So I don't fuck with you either
You're no keeper

Don't say you're sorry boy
'Cause you miss me now that I'm gone
I can't put down in words
What a mess you made in my heart
I'm happy
Living my best
Never been here before
And I hope your mother sees
The part of you that I saw

Man I'm sick and tired
Don't be so surprised
I can see your eyes
Don't be preaching lies
Imma leave tonight
And I ain't coming back
Yeah I draw the line

'Cause I don't
Fuck with a cheater
Couldn't get any deeper
Your head's under the water
Thinking I can't see you
Promising it's all nothing
But I can tell that you're bluffing
I don't fuck with a cheater
So I don't fuck with you either

You're no keeper

'Cause I don't
Fuck with a cheater
Couldn't get any deeper
Your head's under the water
Thinking I can't see you

Promising it's all nothing
But I can tell that you're bluffing
I don't fuck with a cheater
So I don't fuck with you either
You're no keeper
