

# Day & Night

Maximillian

I've been looking for someone like you  
Brighter than the sun but playing cool  
Say you don't believe me but it's true  
There's only you

You can call me baby, call me crazy, call me what you want  
Darling  
And you just name the place and your location and I'll pick you up  
Ooh

Day and night  
I think about you every day and night  
Stuck in my head it's like I'm hypnotized  
And I'm going, where you're going

There's not a lot of talking going on  
Now you know that I'm one you can trust  
I can feel you slowly loosen up  
And you should know that

You can call me baby, call me crazy, call me what you want  
Darling  
And you just name the place and your location and I'll pick you up  
Ooh

Day and night  
I think about you every day and night  
Stuck in my head it's like I'm hypnotized  
And I'm going, where you're going

Day and night  
You're even shining where we killed the lights  
You put it straight don't need to fantasize  
And I'm going, where you're going

Oh and every day and every night  
I want you close right by my side  
Just say the words and I'll be on my way  
You can call me foolish  
But the truth is

Day and night  
I think about you every day and night  
Stuck in my head it's like I'm hypnotized  
And I'm going, where you're going

Day and night  
You're even shining where we killed the lights  
You put it straight don't need to fantasize  
And I'm going, where you're going

Going where you're going babe  
Every day and every night  
Going where you're going babe  
Every day and every night
