

# Forget Me

Maximillian

These nights  
Don't seem to be  
What they seemed to be  
When I was with you  
I'm drunk  
I'm such a mess  
And the loneliness  
Is rocks for my tomb

Not everyone  
Copes the same I know  
And maybe one day  
We'll find a home  
A shooting star  
Through my living room  
My only wish is what I say to you

Oh baby please  
Don't forget me  
'Cause all we have  
Is our memories  
These lonely nights  
Are somehow good  
So baby please  
Don't forget me  
Tonight

Some things  
Aren't meant to last  
But it's all we got  
So best to keep it close  
We're young  
Life is beautiful  
And there's so much more  
We still have to learn

Not everyone  
Copes the same I know  
And maybe one day  
We'll find a home  
A shooting star  
Through my living room  
My only wish is what I say to you

Oh baby please  
Don't forget me  
'Cause all we have  
Is our memories  
These lonely nights  
Are somehow good  
So baby please  
Don't forget me  
Tonight
