

Happier

Maximillian

I'd put your name on the moon
If I could
Give you all the credit alone
To look good
I know it's crazy to say
But I would
If you want me I'm yours
I don't want no one else

I sense a tension in you
I can tell it
I wanna be what you need
And replace him

Honey I know I could
Make you happier
Buy you all the glitter
Set the money alight
Yeah honey I just wanna
Make you happier
Put you in the center
Give you all of my time
Oh I need your touch
I need this rush
I want your heart
Honey I know I could
Make you happier

I know he's playing around
What a fool
Liars never win
If I'm honest with you
I'd never tell you a lie
That's the truth
If you want me I'm yours
I don't want no one else
'Cause baby there's not a thing
That I won't do
I'd tear down every wall
To get to you
I know it's crazy to say
But baby I would

Honey I know I could
Make you happier
Buy you all the glitter
Set the money alight
Yeah honey I just wanna
Make you happier
Put you in the center
Give you all of my time
Oh I need your touch
I need this rush
I want your heart
Honey I know I could
Make you happier

I sense a tension in you
I can tell it
I wanna be what you need
And replace him

Honey I know I could
Make you happier
Buy you all the glitter
Set the money alight
Yeah honey I just wanna
Make you happier
Put you in the center
Give you all of my time
Oh I need your touch
I need this rush
I want your heart
Honey I know I could
Make you happier

I'd put your name
On the moon
If I could
If you want me I'm yours
I don't want no one else
