

## Heard (Draft)

Maximillian

Heard you worked it out with him  
I guess now you're better off  
Let the stories begin  
'Cause now you're better off

But won't let it under my skin  
No, I won't let it under my skin

But what about the places in between the love we missed?  
What about our happiness?  
We're always playing hard to get  
Baby, don't believe me, I'm amazed  
Thinking 'bout the things you said  
It's something that I can't forget

Ooh  
Oooh, oooh  
Oooh, oooh

Heard you worked it out with him  
I guess now you're better off
