

Losing Everything

Maximillian

Losing everything, you got my heart inside your hands
Do me how you wanna, don't be [?] understand
Moving to your beat gives me everythin' I need
Girl, you got me, honest, that's a promise, I'm your man

You're gettin' kinda close now
And I like it how it goes now
I'm actin' kinda crazy
'Cause it gets to me, baby
That I can be your man now
By now, right now
Somebody you can lean on
Right now

Losing everything, you got my heart inside your hands
Do me how you wanna, don't be [?] understand
Moving to your beat gives me everythin' I need
Girl, you got me, honest, that's a promise, I'm your man

The minute that I saw your face
Baby, I was so amazed
The second that I felt your lips
It hit me like, baby
That I can be your man now
By now, right now
Somebody you can lean on
Right now

Losing everything, you got my heart inside your hands
Do me how you wanna, don't be [?] understand
Moving to your beat gives me everythin' I need
Girl, you got me, honest, that's a promise, I'm your man

You got my heart inside your hands
Girl, don't be [?] understand
Yeah, I can be your man now
Somebody you can lean on
Right now

Losing everything, you got my heart inside your hands
Do me how you wanna, don't be [?] understand
Moving to your beat gives me everythin' I need
Girl, you got me, honest, that's a promise, I'm your man
