

Love Like This

Maximillian

You're close
But always so far
Nothings enough
For your heart
We've been
Around it before
Now I can hear the clock tick
I give
But nothing comes back
You slip
And then you get mad
Who said that I was someone
You could mess around with?

If you love like this
I'm done
If you don't wanna stay
Don't come
If you wanna leave
Then leave me
If you love like this
I'm gone
You can pack your things and go
Cause I don't feel comfortable
When you speak your lies
If you love like this
I'm better off alone
If you love like this

You're lost
Don't wanna be found
I'm good
If you're not around
Sometimes
The harder we try
The more it's gonna hurt us
Ain't it strange
How the tables
Are turning back around
I mean lately
You call
But I won't pick up the phone
Call it cold shoulder
But I will call it game over

If you love like this
I'm done
If you don't wanna stay
Don't come
If you wanna leave
Then leave me
If you love like this
I'm gone
You can pack your things and go
Cause I don't feel comfortable
When you speak your lies
If you love like this

I'm better off alone
(I'll be better off)
If you love like this

Uh Uh Uh
Uh Uh Uh
If you love like this
Uh Uh Uh
Uh Uh Uh

If you love like this
I'm done
If you don't wanna stay
Don't come
If you wanna leave
Then leave me
If you love like this
I'm gone

You can pack your things and go
Cause I don't feel comfortable
When you speak your lies
If you love like this
I'm better off alone
(I'll be better off)
If you love like this

Uh Uh Uh
Uh Uh Uh
If you love like this
Uh Uh Uh
Uh Uh Uh
If you love like this
