

# An Unknown

Maxïmo Park

Here we are all in the same room  
Smiling uncomfortably  
I'm unreachable in this state

The fan sounds like an insect  
Up close with clattering wings  
I'll be deafened at this rate

I might as well not exist  
Couldn't you have picked an unknown?

I can't be your friend  
'Cause I want everything  
Go, please go  
Watching events unfold  
Between you both  
Go, Go  
I don't want to watch this scene unfold

The more this car vibrates  
The sooner it will fall apart  
Shouldn't everything hit the mark?

Eye contact became a task  
But I wasn't trying to hurt you  
Couldn't you have picked an unknown?

I can't be your friend  
'Cause I want everything  
Go, please go  
Watching events unfold  
Between you both  
Go, Go  
I don't want to watch this scene unfold
