

Partly Of My Making

Maxïmo Park

As you can clearly see
I've lost some luminosity
I hadn't bargained for such intensity

To quell the irritation
To soothe the situation
It's partly of my making
And if there's muck, I'll do the raking
Now the scene is escalating
You'd better have no expectations
It's partly of my making
And if there's muck, I'll do the raking

As you can clearly see
My metabolism's not what it used to be
I've got more important things concerning me

To quell the irritation
To soothe the situation
It's partly of my making
And if there's muck, I'll do the raking
Now the scene is escalating
You'd better have no expectations
It's partly of my making
And if there's muck, I'll do the raking

Our bodies have changed
Our bodies have changed
And that's okay
Our bodies have changed
Our bodies have changed
And that's okay

To quell the irritation
To soothe the situation
It's partly of my making
And if there's muck, I'll do the raking
Now the scene is escalating
You'd better have no expectations
It's partly of my making
And if there's muck, I'll do the raking

To quell the irritation
To soothe the situation
It's partly of my making
And if there's muck, I'll do the raking
Now the scene is escalating
You'd better have no expectations
It's partly of my making
And if there's muck, I'll do the raking
