

Drop Top Impala

Maxo Kream

Got rich off vocals, I'm touring global, shows packed, top bottom
Houston locals show love to smokers, tip their ass five dollars
84s, swangin, serving
Pop trunk drop top Impalas
From Bissonnette where hoes sell sex and think they IG models
From a block that's known to shoot at cops, ain't no role models
They get on live and pop ya top for clout and IG followers
He got popped on his own block and he don't know who shot him
Instead of watching out for opps, he should've watched his partners

Trickin' all yo dough on hoes, won't give ya momma one doller
You get locked up, same bitch you love be sucking and swallow
Locked in jail without a bail, she out here fuckin' yo partners
The ones you love, and so called friends, will do you worse than the oppas
They threw you in the max tank, with aggravators and robbers
All that acting tough, thinkin' that you Simba Mufasa
Seen a killer get shanked
A grown man scream for his momma
Puttin' babies in the ladies, but you won't raise your toddlers

I ain't the one to judge nobody 'cause I got my own problems
A couple mothers I been fuckin', and they say I'm the father
Take a DNA like Maury, I'm sorry can't be no deadbeat
I never break bread with a bitch who ain't never fed me

My plans was just to spread them legs, I should've had a plan "B"
Fucked on a thot, I played the bitch, that bitch was really playin' me
Like what the nerve of me
I thought that I was pushin P
Whole time I'm on offense while these bitches out here playin D

I'm from a city they call us the home of yellow-bone bitches
Fuck around get took down by one of our yellow-bone bitches
While you watching out for opps watch out for yellow-bone bitches
Especially them I can't live without my telephone bitches
Niggas hate on you 'cause you won't pay they way in this bitch
Then they wonder why they ain't got nowhere to stay in this bitch
We just in here chilling while he got an AK in this bitch
That ain't out the ordinary, that's every day in this bitch
Complain about our situations but we stay in the shit
Kill each other no matter how much mamas pray in this bitch
I be by myself all the time like every day in this lick
I might laugh a little bit but I ain't with all that playing and shit
