I know some niggas that's gangsta on Insta, you catch 'em and see 'em, they really some hoes

I know some niggas got millions on YouTube, but can't do a concert, can't sell out a show

I know a nigga who can't get no bitches, be beating and raping and tripping with hoes

Been got the get back for that, little mishaps, but won't get into that 'cause nobody knows

I don't drive by, I'ma swang my door

You fuck my bitch, you can have that ho

Wet 'em up, set 'em up, scream back door

Last words that I heard was, "Maxo, no!"

I know, I know, I know, I know

I know, I know, I know, I know

Wide body Track, matte black, got hips and thighs like a woman

Nigga wanna beef about the ho but ain't got no dough, lil' bro,

sell a bow, get some money

I rather sip on a four 'fore I trip on a ho, never fall for a t hot, be clumsy

Throw it in sport, start rumblin'

Lambo truck sound hungry

Light skin yellow when I went to Coachella, had a pound town br own when I went to Rolling Loud

Seen the opps, I'm performing but I can ignore it

Or up it and blow it and march with the crowd

Say he got more dough than me, fuck bitches, more hoes than me, got me looking like how?

You'll never stream more than me, rock shows, sell bows like me , better watch yo' mouth

Did my last drill with an ARP, made a opp say, "Uhhh!" Like Master P

Very next day, heard the big homie say, "You a G with the K, Maxo Bun B"

Walk down with the Ruger clip, my nigga Lunatic, Nelly, Kyjuan, and Murphy Lee

They don't care who it hit, my niggas ludicrous, throwin' them bows, disturbing the peace
