But I'm about to wake 'em
Chains release with the flow
I spit As-salamu alaykum
Painting vivid pictures with the wordplay, no pencil
I'll sharp the lead, erase your fucking head with the pencil
I slice like Kimbo

You rap niggas bitches mane
I squeeze Ks and [?]
Shoot up your funeral
Take a piss on your grave (Your grave)
The Glock cocked, I won't stop
I stop popped in at you niggas like Gumdrops

Keep the steel like the welder
Keep the musket like the pilgrims
Seen niggas move weight but didn't touch it like Matilda
Tools, Bob the Builder
Kill your momma and your sister
We can smoke it out the heater

It's paper, bongos or the Swishers

Cause it's that straight from the SWAT shit
Like beefing over coke
You could get your soda popped, shit
Loose asshole, never know when I'ma drop shit
Competition constipation, got 'em scared to drop shit
Hogspit, niggas leaving niggas end up Brad Pitt

I'm tragic like spitting acid in children's caskets (Ha ha)
Asthmatic, waiting to exhale like Angela Bassett
Grabbed the ratchet and peel you backwards
It shows like closed-captions
Make your ass crack like a bitch that need chapstick
Put the plastic to your head, like Jermaine [?]
Put two nines to his chest, call a nigga Warren Sapp
Y'all niggas got that reggie flow
Young Max spit crack
Shoot it at your fitted cap
Make your towel snap back (Back, back)
