

Walk By Faith

Maxo Kream

Keep tellin' us to walk by faith and not by sight
When Big followed Faith, Tupac back-doored and fucked his wife
But goddamn, golly, swear to God, on Jesus Christ
The only nigga I know to get crossed out and come right back to life

The lifestyle I'm living I sin and I sin again
Either die or go to jail from a sentencing
You in the streets, how you switch up and snitch on him?
Don't apply for civilians or citizens
Baptized, you was born a Christian
'Til this street shit came your religion
Up a spark and hit your target
All women all children, they innocent

Keep tellin' us to walk by faith and not by sight
When Big followed Faith, Tupac back-doored and fucked his wife
But goddamn, golly, swear to God, on Jesus Christ
The only nigga I know to get crossed out and come right back to life

Aye

And I don't go to church 'cause the pastor deceiving
Sit at the altar with guns in my holster
And it's hard to stay sober, I'm fighting them demons
I see lady crying, I left up my shoulder
Even if I don't show it, she know we both grieving
The pastor expect me to sit back and not get some get back
Peace treaty not with that, I gotta get even

Let go and let God, you gotta be dreamin'
What the fuck I'm supposed to do?
They say money the root of all evil, but it can't be true
Eve ate that fruit
Put that knife in Adam back, snaked out by snakes like bitches do
So I forever get money, fuckin' bitches until I'm through
I be talking to God, hope he hear me out
How you let a grown man kill a little child?
How they just give you life for a murder? But giving less time for rapists a
nd pedophiles?
Trying to keep my faith in God, right now I'm in denial
Switched my bibles out for rifles, ain't talk to God in a while

The root of evil, I just want all the bills, in God we trust
But I'm dancing with the devil, and the spotlight is on us
Never believed what the pastor said, talking about all the shit Jesus did wh
en he wasn't there
Planting lies in my head, then back-door and ask for bread
Like what the fuck is an offering? And there's people that actually falling
for it
Catching the holy ghost, that shit faker than Vance McMahon show
Got 'em brainwashed like soap, I told 'em fuck the church I'm not goin'
I don't drink wine with crackers
My communions Hi-Tech with sweet bread

I don't worship God or Satan, I worship Josh
I feel like I'm both of 'em
'Cause I make it rain, raise hell, get a girl, and I take her soul from her
Religion is bullshit, just another way to separate the violent conquer

If God did all this, then it's fuck him, 'cause why did you take my brother?

Tell me Walk by faith and this happened
And I walk by sight, see him in a casket
That was real
They said that he going to a better place
I don't think so
'Cause nothin' was better than all them days we was gettin' blazed, we was g
ettin dough
I believe what I see, not what they put in the Bible or put in them TV shows

Keep tellin' us to walk by faith and not by sight
When Big followed Faith, Tupac back-doored and fucked his wife
But goddamn, golly, swear to God, on Jesus Christ
The only nigga I know to get crossed out and come right back to life
