No guessing, I'm where I'm supposed to be, it's a routine
Don't look familiar to me, we gon' take him off the scene
Come get a load of me, now I'm the channel on your screen
And this was off the muscle, something you ain't never seen

Hold up, wait
I get out and get it every day
Go right to a plate like I ain't ate
I put in that work without a break
Let's get it straight

It was straight until I got a phone call about a play
My lil' patna got the drop about a load that's on the way
Fuck that talking, aye, hop in, then come and show me where he stay
He tripping, talking 'wait,' I said I need that, ándale
Now we ridin', Cudi silent, don't think he wanna hit it
Can't keep him in the car that long, I got him out my business
Then hit my other patna who fasho won't leave a witness
Go workout like it's fitness
Ain't no limits when we get it
I'm doing 60 to floor, I'm tryna see how this can go
I done finally got the drop, but we gon' keep that on the low
And this ain't nothing new to me, this something you gotta know
4th and inches, it get wicked, put me in, I gotta score

No guessing, I'm where I'm supposed to be, it's a routine
Don't look familiar to me, we gon' take him off the scene
Come get a load of me, now I'm the channel on your screen

Maxo

I put them bows on the road like a crash test dummy
Moving weight across the state with Texas plates, I'm dodging journeys
Went up 45 to dodge the checkpoint, can't lose my money
I put that package out in traffic whether it rain, sleet, or sunny
I pick the plays getting laid, I hit the plug to set 'em up
Kidnap his bitch and take his bricks; we take 'em down and lit 'em up
We chasin' cheese and cheddar, cuh, what the fuck you think this Beretta for
?
I drop a brick on Deebo head, can't any nigga dead drop a debt on us
Keep an AK like a DJ, spin the nigga like a record
Up this pole, like Peter Piper Pepper, walked down with them steppers
Fuck the cops, we shoot 'em, they arrest us, crackers gotta catch us
Smash on ops just like tomatoes, tell 'em pussy niggas catch up (ketchup)

No guessing, I'm where I'm supposed to be, it's a routine
Don't look familiar to me, we gon' take him off the scene
