

# WORTHLESS

Maxo Kream

Matte black on my gat and my Rover, huh  
I pour the Act' in the soda  
I do not rap if I'm sober  
If the Addies ain't workin', I'm worthless (Worthless)  
Stopped takin' Xannies and Perkies  
Been tryna figure out my purpose  
Sippin' lean and it's clean like detergent  
CVS trip, I write me a script  
I'ma go sign it in cursive  
(Man, what's the motherfuckin' word, mane?  
Y'all niggas gettin' on my motherfuckin' nerves, man  
I stopped Percs, I stopped sippin' syrrup, mane  
I stopped takin' Roxis, I stopped with the motherfuckin' Oxys)

Life was better back when I took handlebars  
Probably better off poppin' the Tylenol  
Only use them for music, my tape gon' go stupid  
All over the net like a volleyball  
Told me, "Stop takin' Addies" but you ain't my daddy  
You ask me, they actually ain't bad at all  
Record deal off a pill, check my catalogue  
Every song that I did was off Adderall  
Bought a crib in the Hills and a Houston loft  
Yeah, I made a few M's from poppin' them pills  
You think I'ma chill? Better knock it off  
Fuck around and stop rappin' and go back to trappin'  
Start wrappin' and shippin' the package off  
Michael Vick, sellin' pit with the Fentanyl  
'Fore I stop takin' Addies, I'll start sellin' Addies  
Just send me your addy, I'll ship 'em off  
(Man, get off my dick)

Matte black on my gat and my Rover, huh (Ah-oooh)  
I pour the Act' in the soda  
I do not rap if I'm sober  
If the Addies ain't workin', I'm worthless (I'm worthless)  
Stopped takin' Xannies and Perkies  
Been tryna figure out my purpose  
Sippin' lean and it's clean like detergent  
CVS trip, I write me a script  
I'ma go sign it in cursive  
I'ma need a prescription for this one (For this one)  
I'ma need a magician for this one (For this one)  
Look, I know a mortician by first name

Hey, how much you work this shit 'bout me, mane  
I swear to God, there wouldn't be no deals without these motherfuckin' pills  
, mane  
If the Addies ain't workin', I'm worthless, man  
And they can tell I'm up to somethin', and they can tell I'm up to somethin'  
And they can tell I'm up to somethin', and they can tell I'm up to somethin'  
And they can tell I'm up to somethin', and they can tell I'm up to somethin'  
And they can tell I'm up to somethin', and they can tell I'm up to somethin'  
(Ah-oooh)
