[1] - Let me groove with you mamma  
Cause I can't take it any longer  
C'mon n' dance with me baby dance with me

I got my eye on you  
I watch the way you groove  
You look so very cool  
The way your body moves

I like the way you shake your body all around  
So damn glad you came but I just wanna get down  
So

But don't you know  
That I like the way you shake yo' body all around?  
I don't wanna play no games I just wanna get down
