

Lonely's the Only Company (I & II)

Maxwell

- Lonely's the only other company
Less you're the love no other love can be

Since you went away my heart
It's ripped into shreds torn apart
(come back baby)
Cause baby

Since you went away I just
(I cry baby I cry baby)
Look into all of the faces with no trust
(no trust no trust)

Lonely's the one
Lonely's the one
And I'm lonely just because
You left me lonely
Oh baby
Lonely's the only other company baby!
Lover there ain't no other
Since you went away from me
