Maxwell

I'm in the zone  
Am I alone?  
I fear that you don't agree, oh  
Do you believe, babe?  
Do you feel deceived, bae?  
Decisions like this are not meant to be made alone  
Can I come through and see?  
Will you receive me, uh?

I'm shootin' all my shots  
I won't miss them, no, oh  
I'm giving all I got  
Never ever ever this go  
Oh no no  
And if I hit that spot  
Accept the mission  
And go... OFF

Turn down the shades  
Let's drink lemonade  
I know you're here to set me free  
Aye, set me free, set me free  
If you need your space  
I won't invade  
There's no need to rush this hastily  
Hope you receive me, aye

Keep shootin' all your shots  
Don't you miss them, no, oh  
Keep giving all you got  
Never ever let this go  
Oh no  
And if I hit that spot  
We're on a mission  
To go... OFF

I see you in the dark  
You're like a moonlit spark  
I've never been so in awe  
Creamy chocolate work of art  
Your skin is so damn soft  
Coco butter silky thoughts  
You got the ball in your court  
Tonight you're gonna be my boss  
Even if I take a loss, yeah

I'm shootin' all my shots  
I won't miss them, no, oh  
I'm giving all I got  
Never ever let this go  
Oh no  
And if I hit that spot  
Accept the mission  
And go OFF OFF OFF

I'm shootin' all my shots  
I won't miss them, no, oh

I'm giving all I got  
Never ever let this  
Never ever let this go  
And if hit that spot  
We're on a mission, yeah  
To go OFF OFF OFF  
OFF (let's go)  
OFF
