

LOLA

MAY-A

Don't leave me hanging like a keychain
Leave me waiting like a dog
Leave me laying like your loose change
I'm not someone to wait on

Leave me hanging like a keychain
Leave me feeling like I'm wrong
Keep me cruising in the slow lane
'Til somebody puts the brakes on

I try get your attention
But you're way too far gone
I get your obsession
But there's black in your heart

Acting like I don't know ya', know ya'
Givin' me the cold shoulder, shoulder
C'mon look at me Lola, Lola
Don't leave me hangin' on
Like I don't know ya', know ya'
Givin' me the cold shoulder, shoulder
C'mon look at me Lola, Lola
Lola, Lola

Toss me to the side like it's nothing
You're kind on the eyes but it don't mean shit
You keep me hanging on
Acting like a child
That's the problem
'Cause you're shootin' in the dark but you might just miss

I don't know why you act like this

I try get your attention
But you're way too far gone
I get in your obsession
But there's black in your heart

Acting like I don't know ya', know ya'
Givin' me the cold shoulder shoulder
C'mon look at me Lola Lola
Don't leave me hangin' on
Like I don't know ya', know ya'
Givin' me the cold shoulder shoulder
C'mon look at me Lola Lola
Lola, Lola

Acting like I don't know ya know ya
Givin' me the cold shoulder shoulder
C'mon look at me Lola, Lola
Don't leave me hangin' on
Like I don't know ya know ya
C'mon look at me Lola Lola
C'mon look at me Lola Lola
Lola, Lola

C'mon look at me

C'mon look at me
C'mon look at me
C'mon look at me
Lola, Lola
Lola, Lola
