

SUPERIOR LIAR

MAY-A

It's been a while since I thought I was gone
I can't get back my time
Kicked outta places you wish you were born
But you might get back your mind
Your mind

Underestimate ya
Thought you were too dumb to try it
I guess you won, oh
You're the superior liar

Superior liar
You're the superior liar
Superior liar, oh
You're the superior

You're feeling stuck
You wanna run away
I know it's been months of nothing but the rain
I'm not standing here, with a smile on my face
Say what you want, and I won't

Underestimate ya
Thought you were too dumb to try it
I guess you won, oh
You're the superior liar

Superior liar
You're the superior liar
Superior liar, oh
You're the superior
