

Breathe Easy

Maya Delilah

Hardest part is over
Falling in love
Cover me in clover
Sealing my luck
Oh we know what we have
Forget the rest
They keep telling us
Don't hold your breath
But fuck that

Let's just breathe easy (Ohhhhh breathe easy)
Let's just breathe easy, Like we always wanted to
Let's just breathe easy (Ohhhhh breathe easy)
Let's just breathe easy, Sink back and fall into you

Count all our lovers
That let us go
Forget every number
But keep this one close
You leave me speechless
But there are words I must confess
Ohhhhh they keep telling us
Don't hold your breath
But fuck that

Let's just breathe easy (Ohhhhh breathe easy)
Let's just breathe easy, Like we always wanted to
Let's just breathe easy (Ohhhhh breathe easy)
Let's just breathe easy, Sink back and fall into you
