

I'll Be There In The Morning

Maya Delilah

It's late at night, tears have dried
I think you think you're out of time
The times you've tried, they never mind
You're feeling like it's all a crime
Catch a breath, take a second
I can take some weight off you
Whatever's left out of the venom
We're looking at a better view

So you call me in the middle of the night
And I'll be right there while you try

I'll be there in the morning
I swear
I'll be there in the moment
Right there

You know me well and I can tell
You want to be the rock for us
Soon enough a man that's loved
And then the rock will turn to dust

So you call me in the middle of the night
And I'll be right there while you try

I'll be there in the morning
I swear
I'll be there in the moment
Right there

I'll be there in the morning
I swear
I'll be there in the moment
Right there
