

## Squeeze

Maya Delilah

Excuse me, I got a question  
Why you so damn cute?  
Your beauty's, impressive  
I don't know what to do!

There's just something about ya  
Maybe it's just the moon  
A cosmic realization  
I'm so obsessed with you  
Can't put my finger on it  
This feeling in my soul  
Get in my Ford Mondeo  
I'm gonna take you home

Squeeze, me  
You are everything I  
Need, jeez  
Just a little bit tighter, baby  
Squeeze me  
Don't you ever ever let me go  
Please b  
I don't wanna ask you nicely

Sunday, mm, is a good day  
Damn, I wanna worship you!

Count my blessings, manifesting  
I'll be making you my lover and my best friend  
Now, see, all I really want for you to do is

Squeeze, me  
You are everything I  
Need, jeez  
Just a little bit tighter, baby  
Squeeze me  
Don't you ever ever let me go  
Please b  
I don't wanna ask you nicely

Squeeze, me  
You are everything I  
Need, jeez  
Just a little bit tighter, baby  
Squeeze me  
Don't you ever ever let me go  
Please b  
I don't wanna ask you nicely  
I don't wanna ask you nicely  
I don't wanna ask you nicely
