

Honey

Maya Hawke

I wanna go to the beach and die on the beach
I wanna be a mermaid
I'm not scared of sharks, I'm not scared of being naked
I'm not scared of anything
From under here all you can hear is the distant boom of the Hell's Angels
From under here all you can fear is being saved and being wakeful

And it's all honey, honey
It's all honey
It's all honey, honey
It's all honey

I wanna wear a little black dress in the middle of the street to take my picture
And if you give me a beer I'll forget to watch what I eat and I don't care
All you can do from this hotel room is fantasize
All you can do when he needs you is close your eyes

And it's all, and it's all honey, honey
It's all honey
It's all honey, honey
It's all honey
It's all honey, honey (I'm not trying to tell you who you are)
It's all honey (But if you wanted you could do no harm)
It's all honey, honey (I'm not trying to tell you who you are)
It's all honey (But if you wanted you could do no harm)
It's all honey, honey (I'm not trying to tell you who you are)
It's all honey (But if you wanted you could do no harm)
It's all honey, honey (I'm not trying to tell you who you are)
It's all honey
