

Devil in Disguise

MaYaN

You did not swallow my lies
Insensitive to commands
You haven't listened at all
And disobeyed every call

Right on face it
You can't deny me
Right on, face me
I am the devil in disguise

You did not swallow my lies
Just wait and see what remains of you
You will be better off dead
Time for the notables to judge

Right on face it
You can't deny me
Right on, face me
I am the devil in disguise

Destroy! Exterminate the root of all misery
Erase! Exterminate the source of all this poison
Destroy! Exterminate the root of all misery
Erase! Exterminate the source of all this poison

Destroy! Exterminate untruthful measures
Erase! Exterminate the ugly dissonant

Right on face it
You can't deny me
Right on, face me
I am your image

Right on face it
You can't deny me
Right on, face me
I am the devil in disguise
