

Dime luna llena
Como borrar las memorias

Come trovare in te
Quella pace e calma che
Può riempire l' anima

Los recuerdos mienten
La incertidumbre nos hiere

Ma per trovare in te
Quella gioia semplice
I miei occhi chiudero

I feel the power now
All illusions are gone
And like a sage

I can see the whole truth
In this moment's warm embrace

I feel the power now
All illusions are gone
And like a sage
I can see the whole truth

I feel the power now
All illusions are gone
And like a sage
I can see the whole truth
In this moment's warm embrace
