

# Against My Better Judgement

iMayday!

Against my better judgement I'm back where I was, was  
Was this what you want?

Against my better Judgement I'mma see you again  
And I don't know where I'll be  
Against my better judgement I'mma let you back in

Cause I don't know what else to do  
Will you help me through?  
There's so much that I've got to lose  
And it all starts with you  
It all starts with you

Say you let go of me, what will become of me then?  
Say I just walk away, and it can just start again  
I've been addicted to all of your lies, cause the truth is I'm broken within  
The little that I can remember, I try and forget before I go to bed  
Soon as I see you there I need to escape you again

Cause I don't know what else to do  
Will you help me through?  
There's so much that I've got to lose  
And it all starts with you  
It all starts with you

Against my better judgement I'm back where I was, was  
Was this what you want?  
Against my better Judgement I'mma see you again  
And I don't know where I'll be  
Against my better judgement I'mma let you back in

Cause I don't know what else to do  
Will you help me through?  
There's so much that I've got to lose  
And it all starts with you  
It all starts with you

Another bottle on the mind, but it bothers me that I'm just leaning on the side of substance  
Like it's modelin' my pride, and stopping me from prime  
I've given not a single fuck since  
My friends are burning memories away, while I just keep drowning in my stresses  
And we said it's ride or die, but we're all high whenever life is stressful

Cause I don't know what else to do  
Will you help me through?  
There's so much that I've got to lose  
And it all starts with you  
It all starts with you

I will need you to tell me the time  
Don't you worry cause I'm doing just fine  
Pay no mind, I'm ignoring the signs  
Well, at least I will until the end of the night  
To find me I must lose you, but it feels worse than losing it all  
Against my better judgement  
Against my better judgement of all

Against my better judgement of all  
Against my better judgement of all  
Against my better judgement of all
